Ride Proud, Rebel!

Andre Norton (1912-2005)

Drew Rennie serves as a cavalry scout in Confederate general John Hunt Morgan's command. He had left home in 1862 after a final break with his harsh grandfather, who despised him since birth because of his mother's runaway marriage to a Texan. During the final year of conflict Drew has the additional responsibility of looking out for his headstrong fifteen-year-old cousin Boyd, who has run away from home to join Morgan's command and has a lot to learn in the school of hard knocks the army provides. The story follows the two of them and a new friend, Anson Kirby, through campaigns in Kentucky, Tennessee and later on deeper into the South, first with Morgan and later under Bedford Forrest.
